American English + Murter, Croatia

Sailing Summer Camp

Murter – small northern Dalmatian Island near Šibenik. The island is connected to the mainland by a short bridge in Tisno. Most of the island is covered with ancient olive and fig trees that are the main traditional crops grown by the locals. During the summer there are also numerous tourists. It is located in a good position in the Adriatic Sea and from here we can do tours along the coast.

Get to know Croatian coast – Dalmatia, and all of its beauty, history, stories and legends and try local cuisine on excursions that are included in price.

The International Summer Camp of English Language and Culture will improve your knowledge, enable you to spend a carefree summer with learning, socializing and having fun! Learn English and enjoy the sun, crystal clear sea and sailing!

EXCURSIONS

NP KRKA

75,00 €

Krka National Park lies within Šibenik-Knin County and covers a total area of 109 km² of the loveliest sections of the Krka River, and the lower course of the Čikola River. Krka National Park lies within Šibenik-Knin County, and covers a total area of 109 km² of the loveliest sections of the Krka River, and the lower course of the Čikola River.

The national park is a vast and primarily unaltered area of exceptional natural value, including one or more preserved or insignificantly altered ecosystems. The purpose of the Park is primarily to serve science, culture, education and recreation, while tourism activities have also been introduced for its visitors.

Including the submerged part of the river at the mouth, the Krka River is 72.5 km long, making it the 22nd longest river in Croatia. It springs in the foothills of the Dinara mountain range, 3.5 km northeast of Knin. With its seven waterfalls and a total drop in altitude of 224 m, the Krka is a natural and karst phenomenon. The tufa waterfalls of the Krka River are the fundamental phenomenon of this river.

The most frequently visited areas in of Krka National Park are Skradinski buk and Roški slap. Skradinski buk is one of Croatia's best known natural features, made up of travertine cascades, islands and lakes.
